U.S. ARMY RESERVE DAY

## ARMY RESERVE PROGRAM-- OPPORTUNITY FOR YOUTHS

A wonderful opportunity for youngsters exists in the Army Reserve.

The Army's all-important mission is to uphold the United States whether we be in a shooting war, a cold war, or in peace. During times of peace the Army's main job is to deter aggression. That can be done only by maintaining a reserve that is both numerically strong and technically trained.

There always exists a chance that any young man will be required to serve in Uncle Sam's Army. There are very few men alive today, regardless of age, who have not served in some war or in preparedness for same.

Now, thanks to the Reserve Forces Act of 1955 a young man of high school age can enlist in the reserves, be paid for the time he serves, train only one night a week, go to camp for two weeks in the summer, and receive credit against his military obligation for the time spent in Reserve training. After graduation from high school he serves six months' active duty receiving his basic training, following which he is ready to enter college without further interruption.

What better deal could a young man have than that now offered in the U. S. Army Reserve?

## HONDO SCHOOL SHOWS SCHOLASTIC INCREASE

The official school census taken in January for the Hondo Independent School District points out that 1955-57 will see the largest enrollment Hondo schools have ever had.

A total of 1,686 school aged children who will be between the ages of 6 and 18 next September were listed by the official census taker, Mrs. Annie Bohm-falk, according to Superintendent of Schools J. G. Barry. Of these, 823 were white boys, 843 were white girls, 9 were negro boys, 11 were negro girls.

This marks an increase of 38 over the present school year's scholastics which totaled 1,640 in the January, 1955 count.

The biggest jumps in the Hondo census were shown in 1950-51 when there was an increase of 217 over the previous year and in 1953-54 when there was a jump of 136 over the preceding year.

There has been an increase in scholastics every year since 1950 according to a report Barry has made.

## WILL OBSERVE PUBLIC SCHOOL WEEK MAR. 5-10

The week of March 5 through March 10 has been designated as Public School Week in Texas and will be observed in Hondo, according to Superintendent of Schools, J. G. Barry.

During that week, parents are invited to visit the classrooms of their children in school.

Civic organizations and service clubs may want to keep the week in mind in order that their programs may recognize public schools.

A more detailed program will be announced preceding the week, Barry revealed.

## Bureau Meeting Draws 90

A crowd of 90 people attended the county-wide Farm Bureau meeting in D'Hanis Monday night and saw A. L. Smith, assisted by County Agent C. B. Gaston display slides on losses suffered by hogs and cattle due to improper handling. Smith, beef cattle specialist from A&M College, pointed out that the weight loss results from improper handling on the farm, in hauling and because of rough handling at stock yards.

The possibility of setting up a tri-county office in cooperation with Frio and Atascosa Counties for the purpose of processing laborers from Mexico was discussed. The Medina County Bureau would like for farmers and ranchers interested in hiring these laborers to contact the Hondo office.

The members were reminded that possible changes in the federal social security law would affect them and they should write congressmen suggestions concerning the set-up. The bureau recommends covering farm workers on a 90-day basis rather than 60, increasing amount paid from \$100 to \$200 for social security coverage; making farmers coverage optional; and changing disability benefits.

More federal aid in regard to control of predatory animals is also being recommended by the bureau. It was pointed out that coyotes are a menace to sheep and goat raisers as well as to poultry raisers.

## Fund Raising To Benefit Camp Fire

The Medina County Council of Camp Fire Girls, Inc., is sponsoring a spaghetti and meat ball supper Saturday night, Feb. 25, from 6 to 8 p.m. at the Elementary School gym. Advance tickets are now available and may be secured from any council member, leader or guardian, or most of the older Camp Fire Girls. Funds derived from this supper, according to R. V. Stanga, president, are to be used for the camp for the girls, recently donated to them by Mr. and Mrs. R. W. DePuy.

Along with the supper the council is sponsoring an indoor carnival, and each group of Blue Birds, Camp Fire Girls, or Horizon Club Girls will sponsor a booth. There will be cake and homemade candy, pie, coffee, soft drinks, popcorn, and all sorts of things to eat.

Along the amusement line, the girls are planning a baseball and basketball throw, hoop-la booth, fishing pond and an amusing side show.

## Chaplain McElroy To Address Hondo Baptists

In the absence of Rev. Harold B. Cornelison, who is in a revival, Chaplain Buford McElroy of San Antonio will preach at the First Baptist Church during the morning service this Sunday, Feb. 19.

Chaplain W. T. Kendrick will bring the evening message.

## FUND RAISING NOW UNDER WAY

### ★ Gasless Car For The Birds

Medina County's new health nurse, Mrs. Marjory Schott, was feeling the results of car trouble one recent day. She discovered a flat tire before starting to her home in Castroville but had that fixed.

After starting the 15 mile trek homeward, her auto ran out of gas. But luck was with her. Jordan T. Lawler, also a Castroville resident, happened along and gave a lift to the lady in distress. Then what happened? You guessed it! His vehicle ran out of gas.

Plans for a Summer Recreation program were begun last Friday night at the Elementary School Auditorium as twenty-six interested adults met to discuss plans for the project.

### To Raise Money

The most urgent and pressing business was to get plans in motion for financing the project. TAI donated the dry lot champion calf of the Medina County Junior Livestock Show to the cause which in turn will be turned over to some lucky person donating to the program. Numbered tickets will be printed and donors will be given one ticket for each dollar donation. Winner of the calf will be announced Saturday, March 3, at 12 noon on the square in front of the Court House and Post Office.

### All Organizations To Help

It was felt by those present that all local organizations would help in disposing of the tickets for this most worthwhile program. The drive is a city wide affair and all citizens interested in the youth of the community are expected to support the program.

A ticket distributing committee was appointed to place the tickets with all local organizations: Mrs. E. B. Vincent, Chairman; Paul Bybee, Mrs. John H. Jennings, W. H. Rhode, J. J. Sandoval, T. A. Lopez, and Charles Tondre.

The Lions Club was the first to offer to help dispose of the tickets and all other local organizations are expected to follow suit as soon as contacted. The City Council and Chamber of Commerce have wholeheartedly endorsed the Summer Program.

Since a larger representative group of directly concerned parents were not present, only a temporary Board of Governors was appointed until the next public meeting which is to be held a few days after the drawing. The temporary Board will consist of Dr. John H. Jennings, Chairman; L. E. Pope, Treasurer; Dr. E. B. Vincent, Jack Hartung and William Kelly.

### Permanent Officers

At the next meeting permanent officers will be elected, constitution and by-laws presented, and more plans drawn up on how to run the program.

It is planned to hire a Field Director to run and organize the Summer Program for all children from six years of age on up. Funds from the ticket drive are needed to pay the Field Director and to buy game and other equipment. The elementary gym and playgrounds will be utilized this summer and will be the site for most of the activity.

### A City Asset

The Hondo Summer Recreation Program will be a big asset to the city as new or prospective Hondo citizens make inquiries concerning housing, school system, churches. They also ask what the community has to offer for children and young people.

## Lions To Sponsor Inspection Clinic

The Hondo Lions Club has agreed to annually sponsor a Medical Inspection Program for the schools of Hondo. The first of these has tentatively been set for March 21, 1956.

**Puts you in  
the Big Time  
for a small-car price**

Why hold back from the fun and thrill and pride of bossing a Buick - when you can boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen . . . If you can afford any new car, you can afford this brawny Buick SPECIAL Sedan - for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars - and actually costs less than some models of those very same cars. (The price we'll show you proves that.)

Want more proof? For two years in a row now, Buick has outsold every other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story - not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction - more snap and ginger and power thrill - more comfort and luxury - more ride stability and steadiness - and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price - if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own - what's holding you back?

Drop in on us right quick - tomorrow, maybe? - and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

WHEN BETTER AUTOMOBILES ARE BUILT  
BUICK WILL BUILD THEM

This new Buick SPECIAL  
2-Door 6-Passenger Sedan  
delivers locally for less than  
some models of the  
well-known smaller cars.

FEB. 22 IS U.S. ARMY RESERVE DAY IN TEXAS!

**YOUNG  
MEN  
WANTED**

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb . . . when its men are untrained for battle . . . that an enemy strikes. To keep peace - keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve - well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

Investigate. Contact your nearest U.S. Army Reserve Unit.

Hitch onto a **66%** saving!

Yes, you can cut your fuel bills as much as that when you hitch onto an Oliver diesel.

To begin with, six gallons of diesel fuel will do the work of ten gallons of gas. Then, too, your diesel fuel will cost far less. You could save as much as 2/3 of your fuel bill.

Why an Oliver? Because Oliver is the old hand in diesels. Even today, no other company offers you diesel power in six wheel tractor sizes. With an Oliver, you don't need an extra engine to get started—nor a special starting fuel. You just touch the starter and go to work in all kinds of weather.

Be sure you get the whole story.

You've probably heard some people say that they prefer a higher priced car because of the way it "holds the road"—or the way it "clips off the miles on a long trip."

Almost everybody likes a real road car. And nowadays they're going at Chevrolet prices!

For the new Chevrolet is one of the few truly great road cars being built today! It has to be to hold the stock car record for the Pikes Peak climb. It has to have cannonball acceleration (horse-

power now ranges up to 225!) and nailed-down stability on turns—things that make for more driving pleasure and safety on the road. Come on in and try the record-breaker!

## SPEAKING OF SPORTS

By Dr. John H. Jennings

### Owls Win

The Hondo Owls took a well-deserved and hard-fought contest from Carrizo Springs last Thursday, 60-56. As the 4th quarter began, the score was all tied up at 41-41. Butch Smith, who played most of the last quarter for the fouled out Johnny Windrow, came thru with four timely last period scores to greatly aid the Owl victory.

The Hondo scoring was as follows: Johnny Windrow 12, James Hamm 10, Jimmy Leazenby 10, Alvin Hartman 8 and Ray Highsmith 6. Hartman, Hamm and Windrow had a big hand in the victory with the way they controlled the rebound shots off the backboards.

### Carrizo Girls Win

While the Owls won their game, the Owlettes found the Carrizo girls just too much as the locals came out with a 40-20 loss. Carrizo's All-Stater, Pat Schmidt, was high point, as usual, as she was very effective with her loose hook shots. Pat fouled out in the last quarter, which was her first time this year.

Sara Moore had 8 points to lead the Owlettes in their weak scoring effort. The 1st quarter ended with our girls behind 13 to 0. Connie "the beauty" Schweers got the Owlette's 1st two points as she was moved to forward from her guard position to replace the sharpshooting Nelda Muennink, who missed the game because of illness.

### Pearsall Edge Owls

A fine Pearsall club took a 53-46 win from the Owls in Pearsall last Friday. In the 4th period the game was all tied up at 39-39 after a close Pearsall half time lead of 21-19. The closeness of these scores shows the excitement involved and the game's end with the 7 point difference was the largest point spread of the night. The Owls had loosened up to try to get the lead but found their effort working to no avail.

The Hondo scoring was equally divided and was as follows: Johnny Windrow 12, James Hamm 10, Jimmy Leazenby 10, Alvin Hartman 8 and Ray Highsmith 6.

The same night Cotulla defeated Crystal City to clinch the District Championship. Cotulla had lost only one game while Crystal and Pearsall, the closest pursuers have lost three with only one district game left to play.

Cotulla will represent District 29-A in the bi-district against a red hot Three Rivers team of District 3-A.

### Owlettes Win

The Hondo girls saved the night from a completely winless trip as they defeated the Pearsall girls 34-24. This marked only the Owlette's 2nd district win of the year and both of their victories were over Pearsall.

The very talented Sara Moore was top scorer with 16 and Nelda Muennink was a close second with 13. Popular Joylene Tilley got 3 and tall Rowene Hartman got 2. Hondo jumped to a 1-point 1st quarter lead and were never headed. The girls overcame one of their big weaknesses as they made very few bad passes in the contest.

### Good Prospects

The Owlettes' outlook for the next two years looks very, very bright indeed. Most of this year's squad will be back and with a lot of practice between now and then their improvement should be amazing. Great things are expected of the agile Sara Moore... just a Sophomore. Freshmen Carol Rath, Lynda Tondre and Annie Rowlett are real hustlers who promise to be outstanding. Rowene Hartman and Diane Pope can furnish the height... while Connie & Roxene Schweers can strive to be the family star. Joylene Tilley will be back, eager as ever. It all adds up to better basketball for Hondo.

With the Summer Recreation Program assured for next summer, and the elementary gym and playgrounds available, these girls can keep their basketball talents growing and improving the year round if they will just avail themselves of the opportunity.

### Recreation Program

While speaking of the Summer Recreation Program, it is one of the finest things to happen for the youth of Hondo since the forming of the Junior Baseball league last summer. The baseball league will still be run as last year and the league hopes to include a Pony League of 13 and 14 year old boys also. The Recreation Program will not only give the boys an added wholesome pastime activity but will take care of the girls too boys and girls of all ages. We urge you to read the write-up about the Summer Program found elsewhere in this issue.

### Short Notes & Holmrig

Bob Nations started Junior High baseball practice last Monday. The Owls will begin very soon also. Gordie Mechler sent home a flag football trophy his 9th Marines won on Okinawa. Paul Richards, Baltimore Oriole Mgr., was quoted thus in a San

## TAI Hires Golf Pro

Definite word has been received from higher Air Force Headquarters allowing civilian use of the Hondo Air Base golf links, and Texas Aviation Industries has employed a professional golfer to run the setup.

To arrive here March 1, is Joe Mitchell who has been serving as pro for the San Felipe Country Club at Del Rio. Mitchell is in San Antonio this week for the Texas Open golf tournament.

A meeting has been called for Wednesday, February 22, at 7:30 p.m. at the Hondo Air Base Club. All interested persons are invited, whether civilian or military, and regardless of whether they work for TAI or not. Detailed explanation of the program will be made at that time, according to L. E. Pope, TAI controller.

## House Of David To Play Here Leap Year Night

The world famous bearded House of David Basketball Team will make its appearance here in Hondo on Wednesday, Feb. 29, 1956.

Playing opposite the Bearded Boys will be a hand-picked group of star players from Hondo Air Base, coached by Jim Amberson, Jr.

They are playing here under the sponsorship of the Hondo Lions Club. No advance ticket sales will be made.

The House of David needs no introduction as they annually tour the United States, Canada and Mexico, playing over 200 games each season against all types of opposition and are consistently a winner, as their record for the past 13 years will verify. The Bearded Boys played 2,479 games winning a total of 2,358 games and losing only 126 which is a pretty fair country average in anybody's league.

The fun loving Davids not only present high class basketball, but they also keep the fans in an uproar with their eccentric, comedy actions and clever line of chatter, while the game is in progress. Probably the most famous of their tricks is the hidden ball in which the bearded boys gather in much the same form as a football huddle on the floor and the basketball disappears. Football, baseball and even hunting gets into the act before the game is over.

Antonio newspaper last week: "I have said on previous visits here we will put the accent on youth, but that might be altered to add if youthful players are better than the veterans. We don't want to saddle this club or any club we work with, with players that don't deliver. For example, if Stan Hollmig is a better player than some young fellow we send here, then Hollmig is the man we want to play the position." This sounds as if Stan, or anyone over 27 or 28 years old, will have to cool their heels on the bench until some youngster goes. The same thing took place last year. Stan got himself in excellent shape and was having a real good spring, when suddenly youth became the secret word and Stan had to cool his heels until called on. It took Stan awhile to regain his touch and even though he had a most successful season no doubt he would have made an even more impressive record if left in the line-up from the beginning.

Floyd Mechler has resigned his job as head football at Seguin... a post he had held for five years. He will be coaching elsewhere next year. Floyd was a 1935 Hondo High graduate... being a star on the great 1934 Owl team... then made a fine name for himself at Rice. This makes the 2nd ex-Owl in the coaching ranks to resign this year... Ted Dawson, also off the 1934 Owl team was the first to make a name. Both will probably find a good spot for next year.

As a closing thought... back the Summer Recreation Program... give it your support. Cotulla: District Champs Cotulla edged out Hondo in the

final minute of play Tuesday night to win the game 42-41 and make them the district champs.

With a two-point lead and 45 seconds to go, big 6 foot 8 inch Kenneth Cox of Cotulla made his free points after being fouled. Hondo Guard Jimmy Leazenby was fouled, but missed both free throws in the final five seconds of play. Leazenby was still credited with 12 points during the game. Following his lead were Alvin Hartman, 10 points, John Windrow, 8; James Hamm, 7; Ray Highsmith, 4; and George Gaston, 2.

Hartman, Hamm and Windrow were excellent on the rebound grabs. Leazenby and Highsmith played good floor games.

## 47 Lodge Members See Slides

Victory Lodge No. 161 held its regular meeting Tuesday night, February 14, with Sister Ida Jagge presiding. Present were forty-seven members and three visitors.

After the close of the business session, Mr. Steine entertained the ladies by showing them color slides. Some of the pictures shown were those Mr. Steine had taken at the Lodge Christmas party. Others were of the installation activities at Koenig Hall last month, and there were also pictures taken at the convention held at Galveston some months ago. There were also scenic shots taken in Europe, California and parts of Texas, including Dunlap.

Refreshments consisting of ribbon sandwiches, heart cakes and coffee, were served by hostesses Lillian Schweers, Louella Schweers, Roselyn Schuehle, and Ina Weber.

The party ended after the group had played several games of "pitch."

MISS PATRICIA ANN BRIEDEN was announced as winner of a contest for Senior girls at St. Louis School recently. She made high score on an examination concerning home making and presented with a pin at a buffet luncheon honoring all girls who took the test.
